

Common Sense, Non-Partisan Call for Reform

*Guy Ciarrocchi's Eight Steps to restoring public confidence
in our State Government*

- **Ban all lobbyist gifts to legislators and their staffs**, rather than argue over "how big" a gift can be. (*Senate Bill 1488*)
- **Prohibit all bonuses** for House and Senate employees. (*Senate Bill 986*)
- **Prohibit House and Senate employees** from serving as Treasurers or officers of campaign committees or political action committees
- **End gerrymandering** and make sure Senate and House seats are drawn as the Framers intended rather than for political means. (*House Bill 2420*)
- **Require governmental elected official and staff salary information** to be posted online.
- **Prohibit the use of tax dollars in paying for the defense of elected officials or staff in criminal cases.**
- **Require the House and Senate caucus "surpluses"** — now valued at approximately \$240 million — be returned to the state treasury, or to the taxpayers.
- **Ban the use of taxpayer money for automated "robo-calls"**
